Quest carries systems preferred by contractors and specified by architects and engineers. With a knowledgeable staff and the support of reputable and dependable manufacturers, Quest has everything needed to prepare, protect, restore and decorate any concrete.

Inspire, Create, Upgrade

Simulate the look of Granite or Quartz with a seamless, durable and chemical resistant epoxy coating. For a One-day installation, we carry Hybrid Urethane that has cures in two hours or less and an Epoxy that dries in six hours. Our innovative Kretus Metallics and Kretus Lava Flow are unique and durable alternatives to tile and vinyl.
